# Principal's Message

## Mr. Piecara

To The Class of 2003,

Graduation can be compared to the challenge of climbing a mountain; you have reached a safe place to build base camp, however, graduation is only one leg of the journey. Robert Maynard Hutchins states that "The object of education is to prepare the young to educate themselves throughout their lives." We at Marple Newton believe that you are well prepared to continue your education, your base camp has been carefully and thoughtfully constructed. You are now ready to start your ascent to the summit.

As you begin the next leg of your journey, remember the words of Henry Ford; "Anyone who stops learning is old, whether at twenty or eighty. Anyone who keeps learning stays young. The greatest thing in life is to keep your mind young." You have mastered the essential skills to keep your mind young. The foundation for life long learning is in place, mix in hard work, commitment and dedication and you will reach the summit of every mountain you choose to climb.

Accept the challenges of the future with a positive attitude and to dedicate yourselves to reaching your personal goals. Success is not measured by material standards. Successful people find contentment by pursuing their dreams and living the life they have imagined. I encourage each member of the Class of 2003 to pursue your dreams, wherever they may take you, whatever the challenge. Commit your life to the pursuit of excellence. The contentment you find in reaching your goals will lead to lasting success.

I wish you continued success, good health and the best that life has to offer.

We'll always remember Wendy's no Doritos diet, the wonderful long ride to Downingtown on a Friday afternoon (and getting lost), the umbrella game (don't forget to play it next year the RIGHT way!), and of course, Wendy still owes some of you meatballs! We had lots of fun this year! Good luck next year, your captains, Feng & Lilly.

# SENIOR CLASS OFFICERS

To the Class of 2003:

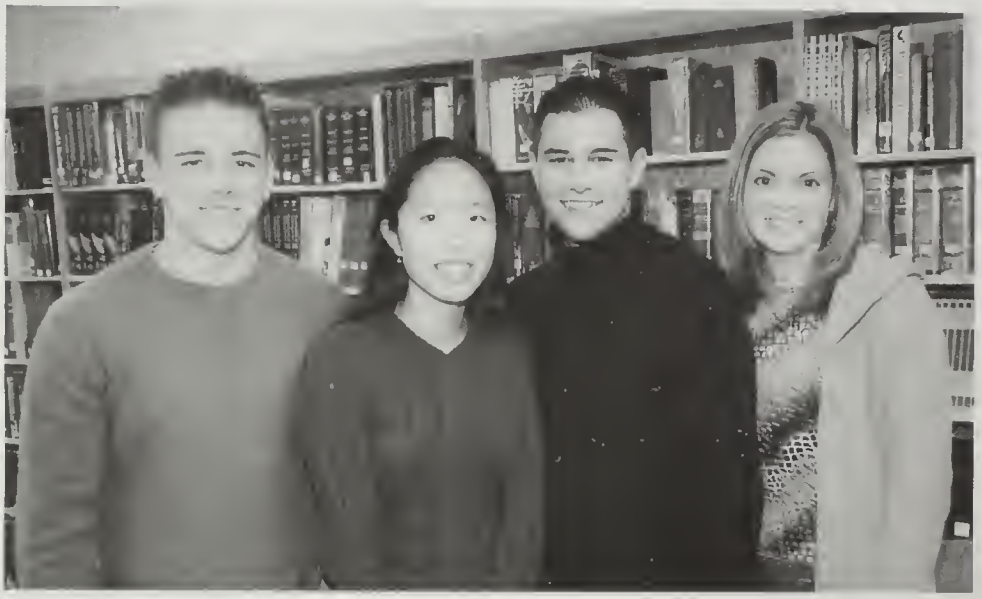
"The future belongs to those who believe in the beauty of their dreams." - Eleanor Roosevelt Congratulations to the Class of 2003! It's hard to believe that our high school years are coming to an end, but with every end comes a new beginning. Thank you so much allowing me to serve you for the past four years. I enjoyed being your senior class president and your vice-president for the three years before that. I could not have asked for better people to work with. Candice, Samir, and Lauren: I was glad to have had the opportunity to work with you in previous years. Thanks to Mrs. Lantz, Mr. Harris, Mrs. Baer, and Mrs. Winterbottom, who were all great assets at one point in our high school career as our class advisors. Bernadette, I'm so glad that I had you to work with these past four years. I knew that I could always count on you. Anthony, Your hard work and positive attitude made many grueling tasks easier. Matt, The past two years were more memorable because of your presence as treasurer. Finally, to the Class of 2003, thank you for your input! I wish each and every member of the class, the best that life can offer. With the common bond and memory of high school, I hope that everyone goes off into his or her separate path with a sense of adventure. Best of Luck!

Love always,
Eunice Suh

Dear Class of 2003,

We are truly the most "Unforgettable" Class Marple has seen in a long time. It is now our time to go on in our life, to shine, and to show our true colors. We have class, commitment, and spirit like none other. To Candice, you did a great job and thanks for all the hard work and support. Eunice- It was great working with you this past year. Matt-We've made a lot of funny memories. And to Bern- 7up, Mischief Day, Junior Week, You're the best. I would also like to thank Mrs. Lantz and Mr. Harris for guiding us through it. Ms. Kelly- Beat A Grin will never forget you. Proms, Canned Food Drives, Homecoming, and Spirit Weeks are what made me being an officer worth it. I will never forget our hallways either. I couldn't have done it without my huge family who taught me everything. Mom- Thanks for everything, I love you. Cole- # 1 Sister, WCU, and Dad- I will never forget you, I know your shining down on me. To the Seniors- though we go our separate ways, I won't forget, so don't forget, the memories we have made. Good Luck.

Love Ant Faggiola



(Left to right) Matt Montani (Treasurer), Eunice Suh (President), Anthony Faggiola (Vice-President), Bernadette Callaghan (Secretary)

To the Officers and the Class of 2003,

It is truly amazing to think of how much we have grown up: from young little freshmen to mature seniors, ready to take on the real world. Our ability, motivation and attitude have brought our class far, accomplishing amazing things. Serving as your secretary for the past four years has taught me not only how tough our job can be, (counting prom money . . . Candice!) and how many hours projects can require, (the skyline . . . Tara!) but also the priceless value of teamwork. It is something I have grown to love, something all of you will take with you in the future to follow your dreams. Thanks so much to Mrs. Lantz, Mrs. Baer, Mr. & Mrs. Winterbottom, and Mr. Harris, we could not have made it without your guidance and support. Eunice, working with you these past four years has been great, thanks! Ant, the bugger was a riot, 7up, mischief day, I love working with you (most school spirited), you're the best! Matt, making me laugh so much, don't forget Tiffany & Co. at the Belleview! To the Class of 2003, your spirit and dedication has made 2003 truly unforgettable. I can't thank you enough, it has been great working with all of you! I'll miss everyone, and good luck in everything life has to bring you.

Love Always,
Bernadette

It flew by quick, didn't it? "High School." It was a huge, new world to us and now it seems smaller and part of us as memories have filled every part of it. You guys trusted me to take part in the leadership of our class. I thank you. It took a team to make it work, and though I was usually always the one to dress up like a girl or something . . . . Candice, Eunice, Bern, and Anthony are honestly the coolest and most understanding people I've had the chance to work with. I got nothing else to say but it was cool and I wish the best of luck.

Later, Matt Montani

"Either you're a part of the problem, or you're a part of the solution. What's your contribution to life?"-J5. <> A little Irish-Arab entered school at age 6, and 13 years later the Ramsey was produced. He's off a lot of people, but who remembers them? I sure don't. The question is, Will *you* remember the Ramsey? > Props to the people who deserve it. Everyone else should watch their *karma*. Peace.

When times are morbid, and you are feeling forsaken remember those who care for you. For if you need a reason to continue, a reason to live those who care are always there for you. Also there is a reason for everything, give it some time and you'll figure it out. These are the years of our lives, never forget what you have learned. Thanks everyone for the great years of my life.

After all that contorted inanity, I'm finally glad to say I'm out of the old individuality stripping axis. I suppose I haven't yet lived up to my potential, but there's a vast cloud of improbability and misery before me. Merit goes to those who did not coerce me past the periphery of psychosis. # FROM THE EDITORS . . .

I never would have imagined the end of my senior year would come to an end so quickly and I would he sitting down writing my closing remarks as Co-Editor of the yearbook. I never was involved with yearbook my first three years at Marple Newtown and decided to jump right in my senior year never anticipating the obstacles I would have to over come while fulfilling my position. Every year when yearbooks were heing distributed and I flipped through the new crips pages I never fully understood the long hours, and dedication associated with creating such a memory. Now as Co-Editor, I can understand and see that putting together a yearbook takes more than just snapping a couple pictures. A good yearbook involves patience, time management, and organization. Throughout this year I have learned problems will always arise even if you do your best to avoid them, that having students know the importance of deadlines is crucial, and that even if things are planned out perfectly something will always go wrong. Although, no matter how many problems I came across or challenges I encountered, I could have never had completed my tasks without the assistance of Mr. Williams, Kaitlin, and Amanda. Thanks, Mr. Williams, for always listening to me complain and always reminding me that everything would turn out ok. And thank you for always believing in me. I feel so lucky to have been able to meet and work with such a special person for an entire year of my life. Kaitlin you were such a great person to work with. You did an outstanding job with everything you did and I do not think anyone could have done a better job. Amanda your hard work and dedication has helped make this yearbook so special. To the rest of the yearbook staff thank you all for your time, effort, and hard work. You will do an amazing job in the future. To the class of 2003 I hope you treasure this yearbook forever and always remember the memories that helped fill these pages and create this yearbook.
Sincerely,

Candice Caprice

hen I look back on all the months it took to create this yearbook, I still can't believe that it is finally over! ems like such a short time ago when Kaitlin and I finished the ladder diagram . . . and realized that we to create the two hundred pages on it! Although there were many hardships, and at times, the problems, lines, and disagreements seemed to out do the positive points, this experience has been a rewarding one. rned many valuable lessons through creating the yearbook, but most importantly, I forged new and betriendships. First of all I would like to thank Kaitlin for all her hard work and dedication. Without having as an editor I seriously would not have gotten through this! Thank you so much for always organizing tings, calling Marino, and for just being a nice person to work with. Next, thank you to the best team of ors—Tina; although it came down to the wire, you made the sports pages look great, and of course added hs along the way! Senior Editors Eun and Elyse; your hard work on the prom pages/collages/superlatives the many other pages is greatly appreciated. All five of us have made a great team, and I will always reber the countless Saturdays and Sundays spent at Kaitlin's house!! I'll miss having the weird conversas and discussing Eun's klutzy moment of the day! Thank you so much to Mrs. Sheehan (and the rest of Sheehan family)-you were the best hostess, and your food was amazing! (I especially liked the scones and ng cheese!) Thank you to Cynthia for your hard work on the underclassmen layouts, D.J., and all the unlassmen workers. Good luck next year—I know you have the perseverance to pull through. Also, thank to the Senior Staff—the little things like advertisements, baby pictures, etc. made an important impact. nks Candice for your work on the baby pictures also. Finally, I'd like to say thank you to Bill O'Brien for hing me all there is to know about putting a yearbook together. This has definitely been an unforgettable erience! Good Luck to the Class of 2003; we are definitely a class that will succeed in life!

cerely,

Amanda Costello

With a great deal of pride and sense of accomplishment, this completes my last page as Co-Editor-in-Chief of the 2003 Yearbook. I can't say that making the yearbook has been easy but this experience has certainly been worthwhile. The yearbook would not have been possible without the tremendous team effort of the Yearbook Staff and in particular I would like to thank the following: *Amanda* — These past eight months we've put in many long hours working with layouts and pictures. Now our hard work has finally paid off with the completion of the yearbook. Thanks for always being there to support me when times were tough. I couldn't have done it without you! *Candice* — Thanks for managing the finances and the Baby Pictures. Your organizational skills were so important in helping us to meet deadlines. *Senior Editors Elyse & Eunice* — I really enjoyed working with both of you. Many thanks for your reliability and creative page designs. You were always there when we needed you and I hope you know how much I appreciated your help! *"Bag & Tag" Tina* — Thanks for doing an amazing job as Sports Editor. I know the job was hectic at the end but you pulled through and everything turned out fine. Thanks for your dedication! *Bill O'Brien* — You've taught us everything possible about making a great yearbook. Thank you for your patience and understanding and always keeping us on track! *Mr. Williams* — Thanks for all your advice and guidance through the ups and downs that we saw this year. *Underclassmen editors Cynthia & D.J.* — Thanks for all your help this year and I wish you the best of luck for next year. I know you will make a wonderful MN Yearbook. *To the Class of 2003* - We've done our best to capture the events of the school year so I hope this book will bring you many fond memories in the years to come. Good luck to you all!

Love,

Kaitlin Sheehan

# Taking a Second Look

Taking a second look
in the yearbook,
we mistook is for a present
disguised as a past;
the last grasp
at the freshest and newest,
truest historians of our time.
This is the rhyme
to honor the days used to define
what we leave behind in the time
constructing our foundations,
and tomorrow is merely a perpetuation;
justification for the examination
of what could be coming
in the horizon of this wasteland.
Memories scribbled like secrets,
we pack them up but never forget
that living is not worth any regrets
when the next best part
will take its place with the rest,
every moment is a chance
and every chance is a test
where we make a choice between
a black space and a guess.
Standing on the crest of the personality
we achieve in the fine-line reality
of this high school mentality.
Gravity pulls us along,
living these moments through the present song
headed in a direction, right or wrong,
the plot moves on
and from this day we hold
a story told as it unfolds
the next bold move;
the path we shape
for great things we will make,
and never forsake what we gain and lose;
how it all began as an option to choose,
a factor to be used,
a direction we took,
and taking a second look we see
this is a map of life
disguised as a yearbook.

# MN PRESCHOOL

The preschool at Marple Newtown High School was established in 1965. The center provides the high school student with experience in the care and guidance of young children. This program, which is currently offered under the direction of Mrs. Mollie Fahnestock, allows students to become an integral part in the instruction of a preschool class. This year the preschool students enjoyed activities such as trick-or-treating, watching chicks hatch in an incubator and having their own bonfire.
